Note: Measurement from beginning to end of mouth is 7"/18 cm. Cut B, leaving a 6"/15cm tail. Make knot.

Using yarn needle and B, weave tails in to hide.

FINISHING

Using yarn needle and A, whip stitch the loose end of the chin strap to the other side of the mouth (left front). Weave in ends to hide.

Using yarn needle and C, embroider eyes and nostrils separately, making a knot when beginning and ending each detail. **Note:** Both nostrils can be made with the same piece of yarn. To reinforce and protect the wrong side from snagging, hand stitch a small piece of white felt over the nostrils on the inside of the hat.
